ONTARIO HYDRO ANNOUNCES RATE HIKES

Ontario Hydro last week announced rate increases for electricity for 1975. Effective January 1, the average wholesale rate to municipal utility systems will go up by 12.4 per cent. Rates to customers of Hydro's rural system will be increased by 11.4 per cent and large industrial customers served directly by Hydro will pay an average of 15.2 per cent more.

$5000 damage in 4 crashes

Driver Louise Cote, 27, and her passenger Colleen Boucher, 18, both of Montreal, are in Bancroft Memorial Hospital with fractures and concussion after their car failed to negotiate a curve on South Lake Road last week in one of four accidents resulting in more than $5,000 in property damage.

In a second accident, John Wilson, 60, of Toronto, was charged with failing to remain at the scene of a collision after his car and another driven by Joel R. Brohier, 20, of Apsley, sideswiped each other. Damage to the two vehicles was estimated at $1,000.

In two other accidents a vehicle sustained light damage trying to avoid the bucket of a back hoe, while some $2,000 damage occurred when a car's suspension failed on a curve on Hwy. 121.

Joint blood donor clinic

For the first time in Haliburton County history, the Minden and Haliburton Village Red Cross branches will co-convene a Red Cross Blood Donors Clinic.

To be held at Branch 129, Canadian Legion, the clinic will run continuously from 5 to 8.30 p.m., Monday, October 21.

WELCOME HOME

It's been well over three months since Robbie Young was home in Minden. Since June 9 he's been in hospital in Toronto recuperating from a swimming accident that left him almost totally paralysed. A week ago and again last weekend, Robbie came home. On hand to greet him were Minden Rotary Club President, Bill O'Brien (right) and Vice-President Al Conerybeare, who presented Robbie with some $1,144 raised at the Rotary Club sponsored Robbie Young Appreciation Night last month.

Welfare assistance raised

TORONTO - Effective Oct. 1 1974, allowances for recipients of Family Benefits and General Welfare Assistance were increased.

Rene Brunelle, Ontario Minister of Community and Social Services announced the revised allowance schedules and increased earnings exemptions will represent an increase of approximately 15% in provincial expenditures under Family Benefits and General Welfare Assistance.

Affected will be 58,900 provincial Family Benefits recipients and 45,000 recipients of provincial and municipal General Welfare Assistance, and their families. These include mothers with dependent children, dependents of GAINS (Guaranteed Annual Income Supplement) recipients, aged persons not eligible for GAINS, needy foster children and persons unable to work.

Mr. Brunelle said the new increases were being made in a continuing effort to assist those on fixed incomes as living costs rise.

The maximum level of payment for individuals and families will also be raised in recognition of these adjustments.

Mr. Brunelle stated that the basic earnings exemptions for Family Benefits recipients will be increased to $100 per month for families and $50 per month for single persons. The further exemptions of 25% of additional income continues. Municipalities will be permitted and encouraged to, provide [illegible] exemptions for the General Welfare Assistance [illegible].

Minden aids Hondurans

By Mrs. Robert Freeman

The clothing drive held on Saturday, Sept. 28 by the Canada World Youth group who have been staying at South Lake Lodge, Minden, was a great success. The people from Minden and surrounding district brought many boxes of clothing and cooking utensils to the Municipal building, where the group sorted and repacked. The clothes are being transported to Cobourg - a central depot for Help the Honduras Relief Fund. We understand it will then be flown to the Honduras by the RCAF from Trenton base.

Beer not fish

Beer, not Fish, was the plea of four Cocoocouk men convicted in Minden Provincial court on Tuesday, Sept. 24. The four men, Manson Weaver, 39, Wesley Travins, 27, Maurice Brashmore, 44, and Wm. Cowan, 47, claimed they had placed a twenty-four of beer in the Talbot River on Saturday afternoon only to return Sunday morning at 6.00 a.m. to find it gone, and a net set in its place.

On April 13 during the spring pickerel run Conservation Officers T.C. Corbett and J.L. Fitchett found a gill net set across the canal at the mouth of the Talbot River. The net was lifted and found to contain approximately 50 spawning pickerel. The Officers kept the net under observation until 6.00 a.m. when the four men approached the canal and started to lift the net.

Judge Collins said that he found it very hard to believe and very unlikely that they would have to place beer in the river to keep it cool on this particular cold, April night.

Each man was fined $200 for attempting to take fish during a closed season and Weaver was fined an additional $300 for illegal possession of a gill net.

PLEASE NOTE

In order that we may enjoy a brief vacation, the Progress office will be closed October 10-18 inclusive. There will be no October 17 edition.

HERE and THERE with Fenwick Finch

Just about the hardest thing for a feller to do when he's writin' a colyum is to come up with a subject -- I were in that spot for this week until I happened to drop in on the Maidens at Lutterworth Pines. Here's how she happened -- seems like Norm hadn't been feelin' so good and had to make a fairly quick trip to Princess Margaret Hospital when I seen him I see, "what's new"

'You know Fenwick,' Norm started, 'I think I have a subject you might be interested in. Some time ago you wrote a column on, 'I'm the customer who never comes back.' --what happened to a friend of mine last week shows just what you meant.

Ron Sharman, who drives me to Toronto when I have to go to the Hospital decided on our way home that we'd like a cup of coffee. Ron lives in Fenelon Falls and we used to be on the Hydro together, whenever I need help he gives it to me. Anyhow, we wanted a coffee so here's what happened.

As we neared Bowmanville we noticed this Imperial Esso Service Station and Voyageur Restaurant -- so we pulled in.

The station was spotless, the restaurant was clean and very efficient-looking. There were no customers in the place so, it didn't take a waitress too long to notice us, she came over, 'Did you want something?' (I figured we must, to myself.) Ron ordered two cups of coffee.

'Do you have any do-nuts?' he asked.

'Nope,' came the answer.'

'How about butter tarts?'

'Nope' the record spun again.

Right next to Ron's elbow was a large container full of beautiful-looking muffins -- however, I guess they weren't pushing muffins that day, because the girl never mentioned them.

She walked away and Ron and I drank our coffee -- I lit a cigar and Ron lit a cigarette. After a short time Ron asked the waitress who was about 30 ft. away, 'do you have any ashtrays?'

'Yep,' came the answer.

We finished our coffee, and went out to the car. After Ron started it he said to me, 'Did you notice? She never brought us an ashtray.'

'That's right,' I answered, 'don't blame her, it's your fault.'

'What do you mean it was my fault? You heard me ask her for an ashtray ----'

'That's where you're wrong' I contradicted him, 'You asked her if she had any ashtrays -- you didn't ask her if you could have one ----'

As we drove away I could see Ron mulling this over in his mind -- 'that's right' he conceded, 'I didn't ask her for an ashtray.'

'By the way, Fenwick,' I finished up -- 'you'll like the price of the cup of lukewarm coffee, 25¢ and at half the price it was more than it was worth. So, as far as Ron and I are concerned that was our second visit to 'The Voyageur' -- our first -- and last.'

We were just a couple of customers who'll never be back.

To carry this further -- in spite of all the strikes, far better wages, better workin' conditions, better this and better that, they's one thing we, the general public ain't gittin' -- we ain't gittin' any better service, in spite of everythin' th' workers is agittin' we ain't gittin' the service we should be gittin' -- they was a time a feller had some time to have pride in his work -- no more, they's only interested in time and a half -- it's now becoming all TAKE and little or no giving.

I'm all in favour of a good, living wage, but, by Godfrey, I don't go for these raises of 65% or more -- the time is rapidly comin' when we're goin' to pay and pay dearly for all this.

In this day and age of 'pogey' and 'welfare' a man who works for a livin' is looked upon as some sore of a 'nut'. It is just a matter of time, until the swindling number of producers are going to be able to support the non-producers, there will then be a complete moral, social and economic collapse. When this happens the non-producers will be the first to squeal longest and loudest.

So much of this for this week -- I'm runnin' outa space, next week we'll take a little look into the past and what goes on today. You may not like it -- but you'll have to 'lump' it -- we're going to have to pay and the time is not far off.

Drive carefully -- by the look of the traffic deaths and property damage in our County this past season there ain't too many people alivetee' to me -- but, it's their necks, as long as they don't take some innocent people with them, they deserve all that's laid on them.

Cooperate with the O.P.P. and remember, they are workin' in yer interest whether you think they are or not -- most drivers have to be protected against themselves -- think about it -- surely, yer life must be worth somethin' -- either to you or yer family.

WHAT REALLY DID HAPPEN ON THE MOON

25th In A Series

Ever since present-day man first began gazing at the moon with telescopes, over two hundred years ago, he very early began to observe and record sightings of an unexplainable nature. Many astronomers have noted red flares, possibly volcanic activity, flashing white lights, moving lights and crosses have been seen to form on its surface. Dome-like structures ranging from a few feet to a few thousnad feet in diameter appear and disappear every few days; even clouds have been noted. On July 29, 1953, the late John J. O'Neil, space scientist editor of the NEW YORK HERALD TRIBUNE, focused his telescope on what appeared to be a twelve-mile long bridge stretching in a perfectly straight line across a crater in Mare Crisium. This was not a mirage since he could see its shadow and the sunlight streaming in beneath it.

Were the Apollo missions, man's first landed exploration on the moon, really seriously meant to find anything of a worthwhile nature, other than geological and scientific experimentation? If so, why were eighty per cent of the landing sites picked on an equatorial path and in the centre of large Mares (Seas) which are large crater floors stretching hundreds of miles. This would be comparable to landing an exploration craft in the centre of the Sahara Desert with the capability of travelling no more than thirty miles from the launching site. Would this produce evidence that there is life on this planet?

Even with a private communications channel provided for the astronauts, NASA deemed it necessary to give to the public delayed television pictures. There have never been live TV pictures from the moon as we have been led to believe. These pictures have been a minimum of three minutes to twenty minutes in time difference. NASA has displayed extreme caution in what the public saw and heard on all the moon flights.

One of the prime missions of the command module which remained in lunar orbit while the LEM actually landed on the moon was to spot and record sightings of red flares (evidence of volcanic activity). Very few of these were reported and even then from a distance too far away to be of much value. The one anomaly that was noted was that the command module could not remain in a perfect orbit of the moon. At various times and in the exact same spot on each successive orbit, the command module would dip down toward the surface of the moon. This was explained by NASA as being caused by large concentrated masses under the surface of the moon called mascons.

Astronauts in lunar orbit did note that they could see a haze on the horizon. This means there is an atmosphere on the moon, though much lighter than earth, but still present. From moon rocket analyses, it was found the moon is almost a billion years older than earth.

The strangest occurrence of all happened on Apollo 12. As Pete Conrad was walking on the surface of the moon he was photographed. After their return to earth and this particular picture was developed, it showed a silvery blue halo totally surrounding his body. This "aura" was unexplainable. Photographic experts examining this picture stated that no known flaw or oddity in the film itself could have caused this enigmatic effect.

The following is a communication between LMP (lunar module pilot in moon orbit), CMP (command module pilot in lunar orbit) and Cap Com (earth).

LM P: Was there any indication the seismometers on the impact about the time I saw a light flashing on the surface?
CAP COM: Stand by for check on that, Jack.
LM P: A UFO perhaps. Don't worry about it. I thought somebody was looking at it. It could have been one of the other flashes of light.
CAP COM: Roger. We copied the time.
LM P: I have the place marked.
CAP COM: Passed it on to the back room.
LMP: Okay. I have got it marked on the map, too.
CAP COM: Leave a little note there somewhere for yourself. Copernicus at 96:03. Now we are getting some clear -- Looks like pretty clear high water marks on the --
CMP: There is high water marks all over the place there.
LMP: On the northern part of Tranquilatatis. That's Maraldi there, isn't it? Are you sure we are thirteen miles up?
CAP COM: You are 14.1 to be exact, Ron.

21,760 attend summer theatre

The Kawartha Summer Theatre ended its eight week season with an audience of 19,800 people at the Academy Theatre in Lindsay or 72.5% of the 684 seat theatre's capacity.

Add to that the attendance at the Monday night previews at the Haliburton High School of 1,960 people or 87% of the 320 seat school auditorium capacity, and the Summer Theatre played to 21,760 people or 74% of possible capacity.

The season was notable for two things, it was extended from seven to eight weeks by the addition of a musical, 'The Apple Tree', and, for the first time, reserved seats were introduced.

Most successful play for box office figures was 'Arsenic and Old Lace' which drew over 90% of capacity.

The Academy Theatre was air conditioned during the third week of the season, another change welcomed by the customers.

WHA - Tops

The Fall's Canada-USSR hockey series has to be the greatest thing to happen to the WHA since its entrapment of Gordie Howe and Bobby Hull.

'Til now, WHA, to many hockey buffs was a second rate league when compared to the NHL, despite its sprinkling of super stars.

Certainly, playing much of the time in what have to be minor league arenas didn't help the new league's image

Now, whatever happens during the balance of this series, the WHA, by its outstanding play during the four games with Russia here in Canada has established itself as a top notch pro hockey league, comparable in every way with the NHL.

For Others

Minden's warm-hearted kindness and concern for others in trouble was never more evident than last Saturday when area families scoured their closets, basements and attics to make sure that at least some of Honduras' hurricane-devasted peoples would have clothing and household articles to see them through.

From ten a.m. to four p.m. contributors arrived with cartons of worthwhile items which are now on their way to the people of Honduras.

It was a fine gesture and one that will be gratefully received; a spontaneous act of mercy of which both the people of the Minden area and the Canadian and Honduran young people who organized it can be proud.

Congratulations.

Howee Hockee

Hi! My name's Howee Wowie and I'm here in Moscow to tell you all about the hockey play of Team Canada. Golly-gee, folks, but it's exciting...the way those Russian wingers get whacked every time they dare go into a corner with our guys.

Oops! Another Russian goal. Like I've been telling you over and over, you just can't concentrate four men on one Russian in your own end and, by golly, our fellows should know this.

We're watching just super hockey and (careful now, don't crush my Maple Leaf...crush my Maple Leaf and you get a butt end, Ivan!) if our guys contain their checks, backcheck, forecheck, shoot, skate and play a really hard-hitting game (anything else I should add in here Johnny? Good, thought I had it all.) they can't help but win.

Gosh, darn it, those pesky Russians scored again. It just goes to show that you can't leave one of those Russians uncovered in the slot. You see Johnny, the way we should have played it is pretty obvious and I think...Whee! Isn't that Cheevers something else. He...Aw shucks...3-0.

Special Consultant to Avco Financial Services

Buying a home can be a very emotional experience. Keeping it scientific can be most difficult.

Working with a qualified real estate agent is important, but you shouldn't rely on the agent to find the kind of home that is just right for your lifestyle.

A private sale, for example, might be what you're looking for.

The first decision is location. Select the neighborhood or neighborhoods that appeal to you and that you can afford to live in. Choose them carefully after you've had a chance to become pretty familiar with them.

Do you want to live close in or out in the suburbs? Do you need to be close to work, shopping, schools, churches, etc.? Study all the factors.

Spend as much time as you can "living" in your potential new area. Drive around the streets. Check conditions of homes and yards. Shop in the local stores. Get to know it as well as you can.

Look for the homes that are for sale. Contact local agents. As far as the house goes, first determine your needs. Set a maximum price and a priority list of needs and stick to it. The size, number of rooms, general floorplan and other features must fit your needs. Next, advice on buying that first home.

LETTERS

The Editor,
The Minden Progress,
Minden, Ontario.

Dear Mr. Foote:

Saturday, Sept. 20 was certainly a Big Day for me! Initially it was my first trip home from the hospital after my accident on June 9. Secondly, it was my great pleasure to have the Rotary Club of Minden present me with $1,144.00, proceeds from the dance, Sept. 7, held on my behalf.

To Allan Coneybeare and his committee, Bill O'Brien, President of the Rotary Club and all Rotarians, I sincerely say 'thank you'!

To all my friends that bought tickets or attended the dance, a very special thanks for making it a success. It is nice to know I have friends in this community interested in my well-being and this certainly gives me much incentive to get better faster.

Thanks Jerry!

Dear Mr. Foote:

On behalf of the Board of Directors of the Minden Agricultural Society, I extend sincerest appreciation for the coverage of the Fair received in your newspaper. Sometimes in this fast moving world we tend to dismiss cherished traditions and historical identities. It is refreshing and gratifying to realize you still find room in your newspaper to foster and maintain the richness of our heritage through the Minden Fair.

We look forward to your continued support and participation.

Sincerely,
Richard Parisotto,
President.

Sirs:

A belated note of thanks for your effort and courage in putting together the 'Jazz Festival' in your beautiful village of Minden.

I've been very busy and really meant to write you earlier, and I must say I was only prompted now while listening to a record I purchased at the Arena.

Speaking of the Arena, the acoustics there were a revelation. In general, speaking for myself, the whole package was well wrapped.

Since the festival I have misplaced the names of two gentlemen who organized the event. In any case, if there is a second edition, you can include my name on the mailing list.

Sincerely,
Thanking you for a wonderful evening.

452 get jobs

The Peterborough Canada Manpower Centre recorded 452 regular placements during the month of August 1974 down 31 from the August 1973 figure. In addition, 172 casual placements (temporary jobs) were made. The Centre received 1,625 registrations during August and at the end of the month had a pool of 3,431 workers registered as being unemployed and seeking either part time or full time work. This figure included 604 students seeking part time work.

25 clients commenced training in the Canada Manpower Training Program at Sir Sandford Fleming College during the month. In addition, two employers signed agreements with the CMC to train workers on their own premises where shortages of skilled workers existed. Four workers are being trained with the Federal Government re-imbursing the employers for a portion of the trainees' wages.

Canada Manpower requires further trainees for courses available at Sir Sandford Fleming College especially in the Academic Upgrading Program and the 40 week Industrial Maintenance Mechanics course. Qualified clients entering these programs are paid on allowance based on their family responsibilities.

THE EXPROPRIATIONS ACT

NOTICE

of Application for Approval to Expropriate Land

THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON

IN THE MATTER of an application by the Corporation of the Provisional County of Haliburton for the approval to expropriate lands in the Township of Anson FOR THE PURPOSE OF the reconstruction of the Deep Bay Road (County Road #2).

Notice is hereby given that application has been made for approval to expropriate the land described in the schedule hereto.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing.

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

The approving Authority is

The Corporation of the Provisional County of Haliburton,
Minden, Ontario.

The Corporation of the Provisional County of Haliburton
(name of expropriating authority)
Jack Cox - County Engineer

NOTES

1. The Expropriations Act provides that,

(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed $200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. 'owner' and 'registered owner' are defined in the Act as follows;

'owner' includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested;

'registered owner' means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the property registry, land titles or sherriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

THEN & NOW

BY WALTER NOICE

The Registry Office

The first registration of a deed for the Township of Anson after the formation of Haliburton County was a deed from William Quigley to Dalton Ullyot, being Lots 13 and 14 Concession 1 Anson, 200 acres for $100.00.
This deed was registered in the registry office Minden on April 23, 1975. S.S. Peck - Registrar.
As proof that the new County of Haliburton had been formed prior to Oct. 16, 1875, I submit the following Deed of Land. Margaret Coulter to Edward Noice Deed of Land between Margaret Coulter of the Township of Minden in the Provisional County of Haliburton, Spinster, of the first part and Edward Noice of the village of Minden in the Provisional County of Haliburton and province aforesaid, Deputy Registrar for the said County of Haliburton, of the 2nd part, witnesseth that in consideration of $350.00 of lawful money of Canada, now paid, etc, etc, that certain parcel of land and premises situate and lying and being in the township of Minden and composed of the west half of lot 23, Con. A of the said township of Minden containing by admeasurement 50 acres more or less etc etc. This document is proof that at the time of the drawing up of this document my father was deputy registrar.
To the best of my knowledge, S.S. Peck was the first member of the Provincial Parliament for this area and was appointed the county's first registrar. As he apparently had 'many irons in the fire' he appointed my father as first deputy registrar, a position he held from 1875 to 1880. In 1880 Mr. F. Mooney was appointed registrar and he immediately appointed Mr. Ephrium C. Young as his deputy, which position he held until 1888 when Mr. Young was appointed Registrar. Mr. Young continued in office until his death in 1924 and was succeeded by Mr. A.W. Fleming, 1924 to 1931. He was followed by Mr. D.C. Brown 1931 - 1934. Mr. E.C. McElwain 1934 - 1949. Mrs. E.E. McElwain (acting) 1949 - 1951. Mr. G.A. Finlay 1951 - 1970.
Since 1970 the position has been held by Mrs. Jean A. Jackson, with Mrs. Ilia Lyttle as Deputy Registrar, Mrs. Margaret Brown, Senior Clerk and Mr. Gregory Anderson as Junior Clerk, a most efficient, obliging, friendly and courteous staff.
The office was formed in 1874 but did not officially receive authorization until March 1875. The official authorization reads as follows -
'The Provisional County of Haliburton Act 37 V. C.65 S22 authorized the Lieutenant-Governor in Council to appoint a Registrar of Deeds for the Provisional County after the section was proclaimed in force, which was done on March 6th, 1875.

ABOUT THE TOWN

with Jeanne Sears

Saturday was a busy one at the Municipal Building when people in the Area brought good used clothing and household articles for Honduras Relief. The Canadian World Youth Group were there, taking the goods to pack and transport them to Trenton. From there, these goods were to go by air to Honduras. This group were very thankful for all the articles contributed and are sure the people of Honduras will put everything to good use.

Beulah Hewitt returned home with the Don Kelletts for a months holiday at Winnipeg.

Lydia and Angus Coulter have a new great-granddaughter Kimberley Anne, first child of Diane and Glen Coulter of Ottawa.

Many menfolk from the Area are away or soon will be going to Northern Ontario where they may enjoy a Moose Hunt.

The Rev. Edward Alsworth of Windsor spent one afternoon last week visiting with his cousin Fay Hobden and other relatives in the vicinity.

We notice many buses touring our County this time of year as they visit to see our Coulourful Scenery and the trees are really beautiful, at the moment with more to change yet.

Mr. and Mrs. Roger Hogg of Bracebridge spent the weekend with her parents, Mr. and Mrs. Joseph Dollo and Joe.

Duck Season opened over the weekend and many hunters might be disappointed with the rainy weather.

Gerald Coulter of Toronto was a weekend guest with his parents Mr. and Mrs. Angus Coulter.

Congratulations to Irma McKelvey who was the lucky winner of the second Snowball of $155 in the 21 number call at Thursday Rotary Bingo.

Mr. and Mrs. Harold Deacon attended the fortieth Wedding Anniversary of Mr. and Mrs. Everett Ennis at Palestine Community Centre on Saturday night.

Belated good wishes to these residents at the Hyland Crest who celebrated birthdays in September, Elma Welch, Sarah Swinson and Frank Billings.

All his friends send good wishes to Miles Roberts who is presently a patient at Scarborough General Hospital.

Several families are moving to new homes, Angie McCloskey into the Vinton Loucks house, Bill O'Brien to the Buttimore house and the Joe Dollos are in the process of moving to the Findlay house.

The ladies of the Altar Guild of the Catholic Church plan to have a Rummage Sale on the Bank lawn, weather permitting and date is Oct. 12 and time 10.00 a.m.

Cecil Sharsfield of Hamilton was a guest with the Bill Moores on Sunday.

Mrs. Ray Rivers is visiting with her parents Mr. and Mrs. Arnold Coulter this week, with the Stamp children, Gaila and Bud Stamp are away on a holiday in Northern Ontario.

Mr. and Mrs. Douglas MacEachern and Marie of Woodville spent Sunday with Mr. and Mrs. Harold Deacon and Lois.

Miss Gloria Congdon was the recipient of a Shower of Gifts at the United Church Hall last Wednesday evening.

Mr. and Mrs. Eldon Deacon, Mrs. Daisy Sutherland and Wm. Deacon visited with Mr. and Mrs. Bill Devette at Gravenhurst on Sunday.

Joan and Ed Pritchard, owners of the local Taxi became grandparents recently of a little girl, Jessica Marie, daughter of Sharon and Edward Thompson. Next weekend will be a grand one when pictures will be taken of five generations when great grandparents and a great-great grandmother will be at the Ed Pritchards.

Gaye Coneybeare of Toronto enjoyed a weekend visit with her parents, Mr. and Mrs. Bill Coneybeare.

A goodly crowd enjoyed the W.I. Card Party at the Orange Hall last Monday night with winners of cribbage being Joyce Hewitt and Fred Wright and euchre Cassie Legge, Robert Wright and lone hands Walter Hopper. After the games all enjoyed a social time and the delicious lunch served by the ladies.

A number of people from the village report having a good time at the Bobcaygeon Fair over the weekend.

Rainy weather has been here, you can tell by the river being over the dock for the second time this year. Trees are getting colourful, lots of traffic, so drive carefully. Cheerio until next week.

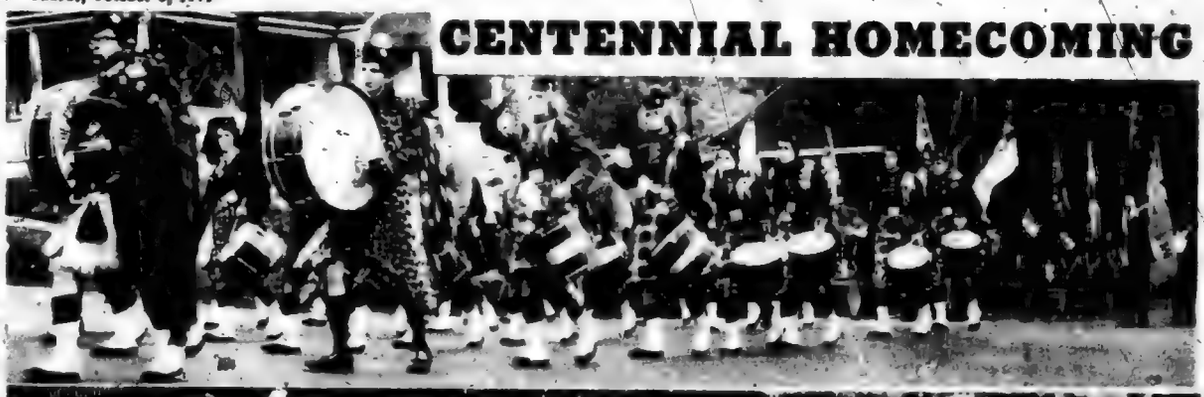
CENTENNIAL HOMECOMING



Wet and uncertain weather laced with high winds taunted but failed to spoil Haliburton County's Centennial Homecoming Weekend as thousands jammed the county last Saturday and Sunday.

Only major casualty was the Stanhope Airport Centennial Color Fly-in and Beef Barbecue, reluctantly cancelled by the bad weather.

In Haliburton, the Haliburton Rotary Club's Festacolor was a spectacular success, its all-long attendance of more than 1,500 persons swollen to some 2,200 with the arrival of the Upper Canada Rail Society's color train and its 650 passengers. Only item on the Festacolor program cancelled by weather was the official opening of the tennis courts Saturday morning.

Included in the day's program was the dedication of the village's pedestal-mounted CF-100 by Lt.-Col. Neil Russell, son of Mr. and Mrs. Sinclair Russell of Carnarvon.

Other program items included a massed pipe and drum band display featuring bands from Uxbridge, Lindsay, Sudbury and Haliburton, a tug-of-war won by the Ministry of Natural Resources, a centennial horse draw contest and a fun-filled evening of entertainment which saw 1,100 persons on hand to enjoy artists Catherine McKinnon, Billy Meek, the Gene Anderson Dancers, Stan Hamilton and the Flying Scotsmen Orchestra and North American Fiddle Champ Edward Gyurki.

Sharing $1,000 in prize monies were the following horse draw winners: Lightweight teams under 3,500 pounds - 1. Murray Cowen, 2. Alex Little, 3. Elwood Graham, 4. Grant Quinn, 5. Jim Sheyhorth and heavyweight teams over 3,500 pounds - 1. Malcolm McGillivray, 2. Ingram Wessell, 3. Murray Cowen, 4. Joe Cox 5. Leroy Nesbitt, 6. Jack Batty.

Cancer can be beaten.

MINDEN MONARCHS ARE RETURNING

As this is only the writer's fourth winter in Minden, I never had the privilege of watching the Minden Monarchs play hockey. Well, I'm going to get the chance this winter and so are all the hockey fans in this area, because they are returning.

The Monarchs will be playing in a new six team league for the 1974-75 season. The league will consist of Bradford, Elmvale, Penetang, Bracebridge, Fenelon Falls and Minden. The Monarchs will play a 30 game schedule with three games at home and three away with each of the other five entries.

As the ice does not go into the New Community Centre until the 15th of October, the players hoping to make this year's Monarchs are working out each Tuesday and Thursday at the arena playing ball hockey. Any interested spectators are welcome to watch.

Some of the names I've heard who are trying to make the team are as follows: Sheradan Kellett, Neil Burk, Mike McElwain, Bill Little, Bob Arbuthnot, John Parrish, Rick Dunsford, Bob Woodcock, Scotty Larue, Lewis Dummitt and Mike Jackson.

As each team in the league is allowed three imports, the Monarchs will no doubt try to land another goalie to back up Dummitt and they will also need a couple of forwards, one a centre. The defence looks pretty good.

Still to be decided is a coach and manager for the team. The only name I've heard so far as the coaching is concerned is George Nichols and I for one think everything should be done to try and land this man for the job. George is an extremely capable man for the job, having coached and played the game of hockey for many years.

Stay tuned to this column each week from now on for further news as to how the returning Minden Monarchs are doing.

NEIL BURK ROLLS 415 SINGLE

Medley's Bowl in Carnarvon is once again in full swing, as eight leagues are now underway for the 1974-75 season. There are teams in each league still looking for players and one league, Men's Commercial, looking for one complete team.

Medley's will also compete against Fenelon Bowling Lanes in both Men's and Mixed competition this season, with the first Mixed games to be on October 20 in Fenelon.

In Men's Commercial league action this past week, Neil Burk rolled the highest league single in over four years on Wednesday evening, a great 415. Neil had seven strikes a spare and then closed out with four more strikes. The last person to bowl over 200 in league action, that this writer is aware of, was the late Mr. Finn Berry in Minden during the Commercial league playoffs. Finn had a fine 405.

Other high singles for the night went to Wayne Sawyer 301, Mike O'Neil 263, Neil Burk 263, Roy Collis 254, Bob Robinson and Doug Heath 240, Brad McKnight 246 and Wes Stata 234. High triples for the evening were Neil Burk 864, Brad McKnight 647 and Wes Stata 619. The high average after three weeks of competition belongs to Doug Heath with 254.

In the Wednesday afternoon league, Ray Jenkins came up with a fine 365 single while Phillis Sutherland rolled a 288. Eve Stata had a 280 and Harry Henderson a 258.

On Tuesday afternoon in the United Church Ladies league, Ruby Francis rolled a 278 single.

The Tuesday Combines league saw high singles of 267 for Bill Cowan, 264 for Marnie Bunn and 251 for Jack Henderson. High triple went to Eve Piper with 695.

SPORTS BRIEFS

In Haliburton Senior Softball Play-off action this past weekend, both ends of a scheduled doubleheader between Dominion Hotel and Gull River Buildall were cancelled due to rain.

These two fine Minden teams have been playing fine ball over the past three or four weeks and as a result are deadlocked at three points each by virtue of one win, one tie and one loss each.

The Championship series originally was a best four out of seven or first team to collect eight points, however, with it getting so late in the year, the two teams will play one sudden death nine-inning game next Sunday, October 6 to decide the Haliburton County Senior Champions. Time - 3 p.m.

At the present time, Dominion's Jack Snell leads all playoff pitchers with a great 2.87 earned run average while having a 5-1-1 win-lost-tied record. Rick Hartwick of the Gull River Buildall sports a 3-2-3 win-lost-tied record with an ERA of 5.56.

Duck hunting season opened on the weekend here in Haliburton County and many of the local huntifg camps had a great opening day.

Mallards, Ring-Necks and Blacks were very plentiful while Woods appear to be scarce this year. All in all, this year's opening day was the best in many years, with some 400 ducks shot that this writer has heard. One camp had twenty hunters and bagged 94 ducks. Doug Robinson and Wayne Sawyer brought down ten and Eldon Deacon managed five, three of which were Wood ducks.

I have not received much information on the abundance of Partridge this year, I should have more on this next week.

Team Canada '74 keeps rolling along as the underdogs, but somehow they keep right on winning. Strange habit for underdogs, wouldn't you say?

This Canadian team was to be throttled by the Russians. So, how come they are all tied up at the end of the Canadian half of their series. Well, don't ask the so-called experts, because they haven't called anything correct since the '72 series.

It is becoming more and more evident that if the National Hockey League had gotten down off its high horse and allowed Bobby Hull, Gordie Howe and J.C. Trembley to play in the 1972 series, they wouldn't have had to have the 'Miracle of Moscow'.

The reason the '74 edition of Team Canada is doing so well is a better game plan by Billy Harris than Harry Sinden's. Take the Russians passing play away and they are lost. In their own end the Russians are so bad defensively that they resort to spearing and kicking to try and move the Canadians. Russian goalie Tretiak is perhaps the second or third best goalie in the world today, but the Canadians will still win this series because of superior shooters.

JOBS! JOBS! JOBS!

There is a high demand for factory workers in Guelph, Hamilton, St. Thomas, and Stratford. Train while you earn. If you move, you may be eligible for financial assistance from the Department of Manpower and Immigration.

Men Over 45 Who Exercise Regularly Have 4 Times Lower Death Rate Than Those Who Don't

Men over 45 who exercise regularly enjoy a death rate four to five times lower than men who never tax their muscles, according to the American Cancer Society.

The conclusion is based on results of a two-year-study involving 300,000 men over 45, reports Dr. Paul Metzger, associate medical director for Nationwide Insurance Co.

"Just because you are past 40, don't think you are too old for regular exercise," he says, but cautions: "People over 40 should not start a vigorous exercise routine of any kind without first preparing their bodies for exercise.

"My advice is — warm up gradually and avoid exerting yourself to the point of exhaustion. If you are gasping for breath and your heart is pounding 10 minutes after exercising, you have tried to do too much."

Student numbers rise

A 15 per cent increase in full-time post-secondary enrolment has been recorded by Sir Sandford Fleming College, according to current statistics showing a total registration of 1,959 compared to 1,701 last September.

Included is a 20 per cent increase in first year enrolment, and a seven and 16 per cent jump in second and third year registration, respectively.

This year, 89 per cent students eligible to enter second or third year returned to Sir Sandford.

Meanwhile, Trent University has indicated an increase enrolment of more than per cent over 1973-74 which will result in a student population of more t 2,000, registrar A.O.C. C said today. Last year's rolment was 1,820.

First year enrolment about 790 students presents an increase more than 10 per cent o the 1973-74 figure of 6
